PROFESSIONAL EXPERIENCE

UX DEVELOPER
Life Storage | December 2018 - July 2023

- Participated in the design and development of the company's various websites to ensure that they are visually effective, meet accessibility and web browser standards, and are consistent with the organization's brand.
- Successfully implemented accessibility guidelines and standards, ensuring compliance with WCAG 2.0 AA requirements and improving the user experience for users with disabilities, resulting in positive user feedback and an expanded user base.
- Conducted A/B testing and data analysis to optimize user flows and conversion rates resulting in a 20% increase in conversion rates and improved overall website performance.
- Partnered with cross-functional teams and external stakeholders to conceptualize and expand key projects, including in-store kiosks and the company intranet.

FRONT-END WEB DEVELOPER
Haley Marketing Group | December 2015 - November 2018

- Designed and developed flexible WordPress websites, themes, and page templates for temporary staffing agencies and recruitment firms.
- Contributed to the advancement of internal products, plugins, and business solutions from concept to implementation including career portal and talent showcase software.
- Created marketing materials and assets for clients to use in industry award-winning content marketing campaigns including social media graphics, infographics, case studies, and email templates.
- Assisted client success support team with trouble-shooting various technical issues related to websites, plugins, and other related products.

FRONT-END WEB DEVELOPER
Newbird | April 2015 - December 2015

- Created agency-level client websites using WordPress and various eCommerce platforms including Magento and Woocommerce.
- Participated in provisioning server environments for development, staging and production.
- Enhanced personal skill set through on-going education and industry research to promote latest standards and trends.
- Collaborated with a talented team of designers, multimedia specialists, copywriters, digital marketers, and other developers to accomplish web development goals for clients.

SENIOR WEB DEVELOPER
Hearst Media Services | November 2012 - March 2015

- Designed and developed aesthetically pleasing, fully functioning websites in WordPress and Drupal for national and international clients while utilizing best practices and design trends as well as a distinct focus on search engine optimization.
- Collaborated with company personnel and clients throughout the life of each project and met expectations on time.
- Managed multiple website projects from creative concepting through on-boarding, development, launch, and ongoing monthly maintenance.

SENIOR WEB DEVELOPER
Mainstreethost | August 2011 - November 2012

- Designed, developed, edited, and maintained WordPress websites for a variety of clients in a number of different industries.
- Displayed ability to work on multiple projects for multiple clients with quick turnaround and excelled in meeting expectations and delivering output on time and in high quality in fast paced environment.
- Led a team within the web development department to facilitate skills and career growth.
